

Track What Moves Your Business.

More Than a Vendor. We're One of Your Team.

Reliable GPS tracking for vehicles, equipment, and field teams— with flexible plans, U.S.-based support, and tools that scale with your business. We're not just here to sell. We're here to support.

Total Visibility—Fleet, Field & Everything in Between

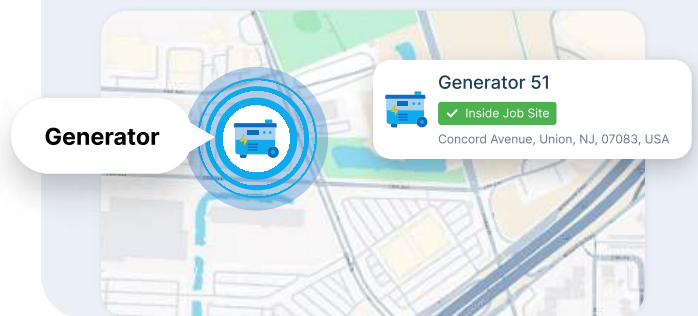

Fleets

- ✓ Real-time GPS via OBD plug-ins or hardwired devices
- ✓ Driver behavior insights: speed, idling, harsh events
- ✓ Engine diagnostics, trip history, maintenance & geofence alerts

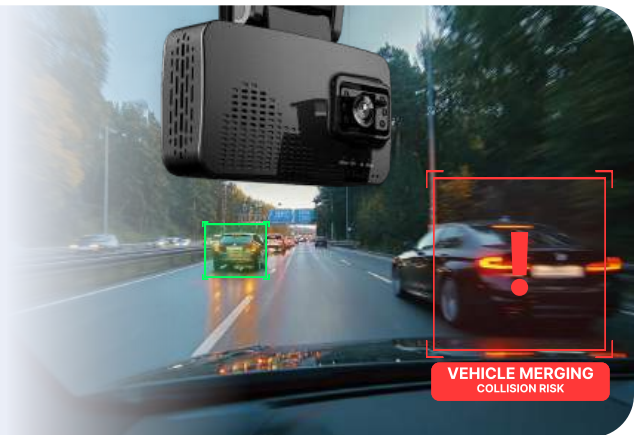

Assets & Equipment

- ✓ Track trailers, containers, generators, tools—powered or not
- ✓ Battery, solar, magnetic, and satellite options
- ✓ Tamper, movement, and location-based alerts

Teams & Safety

- ✓ Dual-view dash cams: road and driver monitoring with AI alerts
- ✓ One-touch SOS alerts and lone worker protection via mobile
- ✓ Driver scorecards and incident video playback
